RE: Federal Acquisition Regulation and the Department of Defense Supplement (DFARS)  
Buy American Act  
FHWA Buy America Act  
Trade Agreement Act  
American Recovery and Reinvestment Act  
American Iron & Steel Step Certification

To Whom it May Concern,

“Melted and manufactured in the USA” is a common requirement in a variety of U.S. legislation. This is not to say that ArcelorMittal and AM/NS Calvert LLC conform to all the requirements of the legislation listed in the subject line. ArcelorMittal and AM/NS Calvert LLC will certify its flat rolled steel as “Melted and manufactured in the USA” when ArcelorMittal and AM/NS Calvert can guarantee that slabs were manufactured within the USA and processed to final product at AM/NS Calvert.

This certification will be noted on the test certification or bill of lading that accompanies the flat rolled steel as “Melted and manufactured in the USA.”

Sincerely,

A handwritten signature in dark ink, appearing to read 'Theodore W. Fenicle'.

Theodore W. Fenicle  
Director of Quality
